

Complete the C# tutorial

An introduction to C#

Foundational video

Open up Visual
Studio

Create a new project

C#, Windows, .NET

Console app (.NET
framework)

```
String chocoKrispis =
```

```
"Great choice!";
```

```
; closes container
```

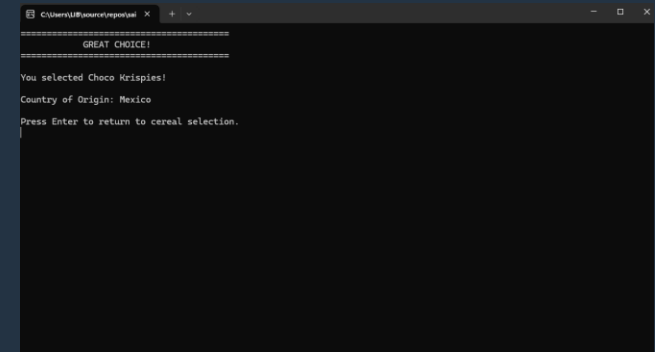

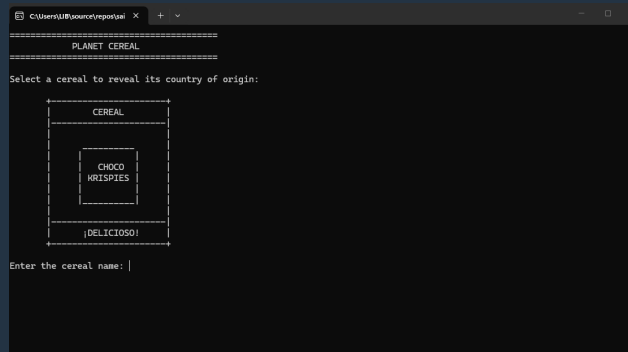

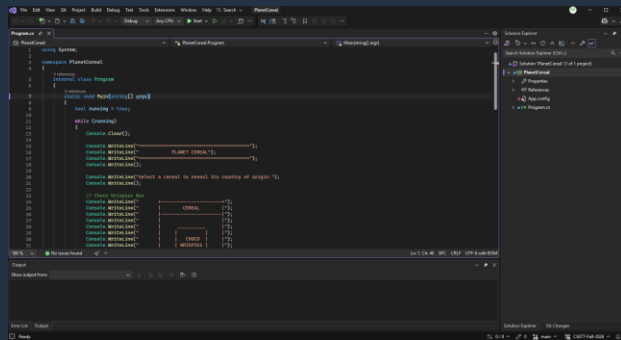

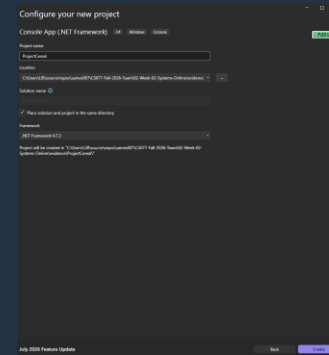

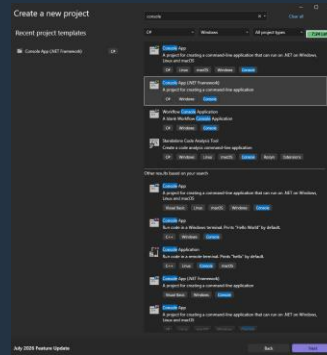

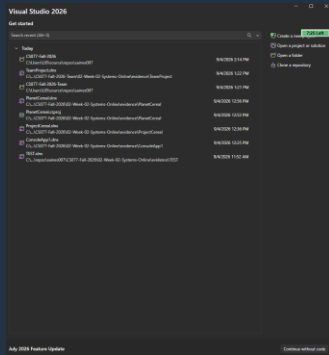

```
C:\Users\LIB\source\repos\sai x + v
=====
PLANET CEREAL
=====

Select a cereal to reveal its country of origin:

+-----+
| CEREAL |
+-----+
|         |
| +-----+ |
| | CHOCO | |
| | KRISPIES | |
| +-----+ |
|         |
| +-----+ |
| | DELICIOSO! | |
| +-----+ |
|         |
+-----+

Enter the cereal name: |
```
