RECORDED ACKNOWLEDGEMENTS

5 RESOLVED

RUNNER LOADOUT

I can create the CS077 workspace and know where to keep source, evidence, submission, and recovery copies.

READY

SHIP ARTICLES

I opened the CS077 syllabus, reviewed the confirmed schedule and essential policies, and know that Canvas holds the official course record.

READING COMPLETION RECORDED

I opened and reviewed the current CS077 syllabus, including the confirmed schedule, course-system boundaries, evidence expectations, and visible instructor-review items.

READY

SYSTEM ROUTES

I understand that Canvas holds official submissions, feedback, grades, and due dates; the Nexus supplies story and guidance; and I keep recoverable working files in my own workspace.

READY

AI COPILOT PROTOCOL

I understand that AI use is required where assigned, that I must inspect and test its output, document meaningful use, protect private information, and use the approved no-cost route when needed.

READY

RECOVERY ROUTE

I know how to record an access barrier, request help, and document a different approved route without claiming completion that did not occur.
